

SHUSWAP HOSPITAL FOUNDATION

In Honour Tributes

Bev Marshall & Family
Clara Overend
Drs Michel Saab & Maureen McTavish

Bev Marshall & Family are major contributors to the community. With her husband Gordon they were part of supporting all kinds of community activities. They were very interested in health care for the community. Gordon served on the hospitals board of directors while Bev was an active member of the Hospital Auxiliary putting in countless hours of volunteer time.

Clara Overend is honoured on this occasion as very loving and supportive wife, who was an example of generosity to her family and the community. Never wanting recognition she was always supportive of the efforts of her family. A quiet stalwart of community life.

Drs Michel Saab & Maureen McTavish are honoured this day in recognition of their dedication and knowledge. Dr McTavish for recognizing the source of a troubling condition as a probable colon cancer and Dr Saab whose skilful hands and quieting manner dealt with the problem surgically. Both these individuals desire more thanks than can possibly be expressed but one of their so grateful patients.
