Supporting Healthcare Excellence

Theresa Markowski Shuswap Hospital Foundation Board President

Once again the Shuswap Hospital Foundation celebrates another amazingly successful year. This success can only be attributed to the generosity of our donors, benefactors and local supporters. Notwithstanding; we applaud our numerous volunteers, who gave so freely of their time, they are invaluable in helping us to reach our goals. To all the residents of the Shuswap, your continued financial support is unsurpassed. Please accept our most heartfelt thank you.

This past year, the Shuswap Hospital Foundation exceeded all expectations when a total of \$1,431,430 was raised! This was due, in part, to legacies bequeathed by generous donors within our community. A total of \$113,000 from our 5th Annual Charity Open Golf Tournament and over \$27,000 from our Radiothon which enabled the purchase

of a bilirubin meter and a Panda warmer for the Shuswap Lake General Hospital Maternity area. During the past 12 months, there was a total of \$453,239 in equipment purchases; including infusion pumps for use within the community, video conferencing system for medical staff and residents at Bastion Place, Cardiac Rehab Program, laryngoscope for the operating room, and a Fibroscan Liver Scanner. The unwavering support we receive on an annual basis from our generous community enables our Foundation to make an incredible impact on healthcare in the Shuswap.

Our 5th Annual Charity Open Golf Tournament was held on August 24th and was a huge success. Many donors, supporters and volunteers worked endlessly to achieve this success. Under the incredible leadership of Co-Chairs Bob Bure-

chailo and Rick Roberts, our Golf Committee did a tremendous job. Shuswap Lake Estates and the Barker family continue their undying generosity and support as our title sponsor. The \$113,000 raised at this event will go toward the purchase of a new echocardiography machine for the Medical Imaging department at Shuswap Lake General Hospital. This ultrasound machine is desperately needed to reduce the current backlog and wait times for echo exams. The purchase of this second echocardiography machine will ensure patients are able to receive the best and most timely care.

As a Foundation, we are only as good as the sum of our parts. Our success is because of our most amazing community, our wonderful staff, Fiona Harris, Director of Development, Cheryl Peterson, Administrative Assistant and our dedicated board members. Together we can create miracles!

Richard Harding Health Services Administrator, North Okanagan Acute Hospitals

I would like to recognize the role Peter DuToit had as the Health Services Administrator at Shuswap Lake Hospital and his contribution to the Shuswap Hospital Foundation, and the Salmon Arm Community until his retirement in January 2019.

Following Peter's retirement, I assumed the role of Health Services Administrator for Shuswap Lake Hospital as part of my portfolio, including Vernon Jubilee Hospital and Queen Victoria Hospital, Revelstoke. Quickly I began to recognize the valuable contribution the Shuswap Hospital Foundation has made in supporting healthcare in the Shuswap region.

Interior Health and our amazing staff and physicians are extremely grateful for the support of the Shuswap Hospital Foundation and the fundraising of the community at large.

Healthcare is an ever-expanding dynamic system of care where technological advancements drive

the quality and standard of care that we provide. Without the support of the Shuswap Hospital Foundation, we could not have achieved as much as we have in the past year.

The list of equipment supported by the Shuswap Hospital Foundation and wider community members is extensive. However, two standout contributions to our services this year have been the purchase of a Fibroscan Liver Scanner, supporting the care of liver patients throughout the region. And secondly, the purchase of an additional Echocardiography Machine this year will dramatically help to reduce wait times for this diagnostic procedure.

Thank you for your ongoing commitment and support of our Hospital and community health services. I am excited to be working with such a dedicated Foundation Board of Directors and Foundation staff.

Greg Kylo Shuswap MLA

Some of the most difficult times of our lives are when our loved ones are in the hospital—but these challenging times are easier to bear when we know they are receiving care from dedicated staff who genuinely support

their patients. At Shuswap Lake General Hospital this is always the case. In everything they do, Shuswap Lake General Hospital puts patients first and I have witnessed first-hand the excellent care they provide for everyone who passes through their doors. I encourage everyone to continue to donate to the Shuswap Hospital Foundation so they can maintain their high level of care as they work toward improving healthcare options—looking out for the health of our community for many more years to come.

Our Support

Fiona Harris Director of Development

Fiona Harris, Director of Development with the Shuswap Hospital Foundation enjoys her work in assisting to strengthen awareness of the Foundation's role in raising funds to support better health care in our community.

"It is an honour and a privilege to work with our donors, board members, volunteers and hospital professionals. Every day we are reminded that our work impacts lives in our community. Without the amazing community support and generosity that we have experienced, we could not accomplish our goals to bring better healthcare to the Shuswap"

Cheryl Peterson Administrative Assistant

Cheryl works with the Shuswap Hospital Foundation as an administrative assistant. She is a local business owner with a background in office administration. Cheryl uses her skills in administration and social media to maintain the Foundation's newsletter, website and social media presence. Cheryl says "My family has received exceptional care at Shuswap Lake General Hospital and I enjoy working with the Foundation."

250 803 4546

www.shuswaphospitalfoundation.org

Shuswap Lake General Hospital has become a very busy place, providing excellent health services to people from the North Shuswap through to Malakwa in the east and Enderby and Silver Creek to the south.

Last year, there were more than 18,000 visits to the Emergency Room, with 3,305 patients admitted for further care. A total of 3,178 patients underwent surgeries and 170 babies were born.

The Shuswap Hospital Foundation steps up to help doctors and nurses provide the best care possible in all areas of the hospital.

Doctors provide the foundation with their wish list and the Foundation does its best to meet the needs as quickly as possible.

As it has in past, the Foundation continues to rely on the generosity of community members to provide much-needed equipment.

From large bequests to piggy-bank money, ev-

ery donation makes a difference. And it is so easy to contribute.

Go online to www.shuswaphospitalfoundation.org to find options such as making single donations or easy monthly contributions.

Donations can be earmarked for a special project of your choosing or in memory and honour of a loved one.

While online, sign up for the Foundation's newsletter to see what's new every month.

New Equipment

FibroScan

FibroScan is a specialized ultrasound technology which gives us information on a patient's liver disease. It is useful in many different types of liver conditions, and its uses are expanding as the Fibroscan becomes more widely used. We are very grateful to have one on site now as it allows us to get patients on treatment for Hepatitis C quicker; eliminates the need for patients to travel to larger centres for this test; and saves many patients from having a liver biopsy. In addition, it also gives us important information on the status of patient's liver health to help guide therapy and long-term monitoring. We are very appreciative for the generous support of the Shuswap Hospital Foundation for purchasing the Fibroscan for our liver clinic here.

- Dr. Nadia Widmer, Liver Clinic, SLGH

Committed Funding

Defibrillator (Operating Room).....	\$23,492
Defibrillator (Emergency Dept.)	\$23,492

New Equipment

Colonoscope

"This was a much better experience than previous colonoscopies. I feel way better! Much less gas and no bloating or cramping."

- *Patient testimonial*

Omnicell

"Omnicell [automated dispensing cabinet] has provided an extra safety net to patient medication administration and its ease of use has streamlined the employees' task of dispensing medications. It has been a very welcomed upgrade to our unit."

- *Chad Comer RN, ICU Nurse, SLGH*

Our Donors

Geoffrey Collins

In life, Geoffrey Collins was known as a quiet, gentle, kind and generous person.

Close to 94 years old when he died in 2017, Geoffrey made a bequest of more than \$591,950 to the Shuswap Lake Hospital Foundation - an incredibly generous donation that will benefit many people.

Geoffrey met the love of his life for the first time by chance during VE Day street celebrations in 1945 in Vancouver. On leave, he had to return to the war.

He did not see Emma for many years until one day, again by chance, she walked into the bank he was managing. The couple married in 1960 and had 56 wonderful years together.

Upon retirement, the couple moved to the area and remained in Salmon Arm for the last 15 years.

Geoffrey's niece, Maxine Tremaine, says the pair were like two peas in a pod and loved camping, travelling and sharing what they had with others.

Though they did not have children of their own, Geoffrey and Emma shared their love and lent a helping hand to everyone in their lives.

Comments at the couple's memorial reveal two people who were well-loved and gracious, remembered for sharing the produce from their garden, Geoffrey's love of bridge and Emma's baking skills.

"They visited family and friends and from the first meeting, people loved them," says Maxine, pointing out celebrations would be organized in the spur of a moment. "They always made sure everyone was interacting and having a good time and they had a real zest for life."

Although illness confined Emma to a care home for the last five years of her life, Geoffrey visited with her every day, and often took her for drives around the Shuswap.

Emma died in 2016 and Geoffrey followed within a year of his true love's death.

Geoffrey had put money aside in his determination to make sure Emma would be cared for if he died first. Following Emma's death, he willed funds to the Shuswap Hospital Foundation.

"They're still reaching out to people and in a quiet way as they always did, without expecting anything in return," says Maxine, who points out the couple had a profound impact on her life. "Their enjoyment was just the reward of helping and nurturing others."

Our Donors

Wayne March

Patients receiving treatment in Shuswap Lake General Hospital's Oncology Department will be more comfortable, thanks to a donation in memory of Lorraine March and Don Laroy.

The Sicamous Eagles raised \$5,000 that has been used to purchase two special chairs for patients receiving cancer treatment.

The Junior B hockey team has held cancer weekends for several years, says Wayne March, Lorraine's husband and manager of the Sicamous and District Recreation Centre.

"We make jerseys especially for the weekend and we've been donating to people in Sicamous who have to travel for treatment," he says.

This year, the board decided it would be fitting to donate funds raised in honour of the two special Eagles supporters.

A longtime board member, Don passed away on Sept. 29, 2017; and Lorraine, who fought a hard battle with cancer, died on the same date one year later.

"When we found out Lorraine had cancer in January 2018, we started going to Oncology and noticed some of the chairs in there were pretty ratty and didn't work well," says Wayne, noting Lorraine received treatment two days a week for nine months, and the couple was grateful for the excellent care every patient received. "We wanted to make a donation to Oncology to buy new chairs so it benefits lots of people."

Wayne says Lorraine, who was mayor of Sicamous for three years, was president of the hock-

ey team and worked tirelessly to make sure the organization ran smoothly.

In 2016, two years before passing, Lorraine retired in order to relax and do the things she loved.

Told by a surgeon in Kelowna that she only had three months to live, Lorraine sought treatment and lived for nine months.

"We're grateful to Dr. Chris Main and staff; I couldn't ask for better care," Wayne says, adding that the Oncology Department now has two

hockey jerseys as well as the "awesome" new chairs.

Wayne says the team constantly receives requests for donations but decided to direct the money to the Shuswap Hospital Foundation this year, a decision Don's wife, Wendy, fully supported.

"We wanted to donate to help the Shuswap Hospital Foundation in Salmon Arm because they are just tremendous, and I hope we can do it again," he says.

Community Care

Community Infusion Pumps

The infusion pumps are designed to be used in the home or in the community hospice beds at Bastion Place. These pumps deliver a continuous or 'as needed' supply of medications that are commonly used in home care and palliative care. The infusion pumps are portable and can be operated easily by families or caregivers to use with the assistance of the community health nurses. The pumps deliver medications to patients to ensure that end of life care can be as peaceful and stress free as possible.

Allison New RN

New Programs

Cardio Rehabilitation

Exercise following a heart attack can seem like a scary thing, but it is a critical aspect of recovery.

Recognizing the importance of this, Dr. Jeremy Sawatzky-Martens is the lead physician who is working with kinesiologist Alyssa Blair to provide a local Cardiac Rehabilitation Program.

The program is designed to help participants recover from heart attacks in a personalized program that allows them to take an active role in their own recovery.

“Cardiac rehabilitation reduces the risk of having a second heart attack,” Sawatzky-Martens says, noting regular exercise helps lower blood pressure and reduces the buildup of plaque. “And targeted exercise helps the heart becomes more efficient.”

Sawatzky-Martens says he and Blair are intent on providing a program that’s community cen-

tred and provides specific conditioning for the heart, which is a muscle.

“The idea is anyone can sweat, but that doesn’t mean it’s truly exercise,” he adds. “We need to get to the target heart rate for a sustained length of time in order to condition the heart, and that takes some help.”

Blair, who has specific cardiac training, will provide a program for each individual in a safe and controlled environment.

“Not everyone likes to run or has the means to get to the pool, so finding the right program for the right person is why we need a specialist,” Sawatzky-Martens says, noting that just as exercise can cause discomfort in the arms or legs, it can cause discomfort in the heart. “If there is discomfort, Alyssa will address it; her job is to find the right balance and for most people, it’s just the need to establish a pattern of healthy activity.”

Blair says one thing she has noticed is that people gain the confidence and knowledge to continue on their own when the program comes to an end. Not only that, sometimes the social aspect of the program is as important as the physical aspect.

At this time, participants are being referred to the program from the emergency department of Shuswap Lake General Hospital or by specialists. But the plan is to make it accessible through family physicians within the near future.

Anyone with questions about the program can call Alyssa at 250-463-3383.

The Shuswap Hospital Foundation provided \$25,000 in funding for the Cardiac Rehabilitation Program. The program is also supported by Interior Health, Shuswap Total Fitness and Facility Engagement.

Our Events

Have a Heart Radiothon

Radiothon 2019 raised over \$27,000 to purchase a bilirubin meter and a Panda warmer for newborns. Great help was provided by all our volunteers who assisted our generous donors. Left: EZRock's Patrick Riley congratulates Shuswap Hospital Foundation Board President Theresa Markowski on receiving a donation from the Shuswap Lake Health Care Auxiliary. Right: Arthur Hemeyer of Arthur's Gem Set Studio assists in selecting a stone at the Diamond Dip.

Smile Cookies

The Tim Hortons Smile Cookie event raised over \$6,000. Thank you to Kelly Moores and his staff at the three Tim Hortons locations in Salmon Arm, along with the Salmon Arm Silverbacks hockey team.

Our Events

Charity Open Golf Tournament

A total of \$113,000 was raised at the 5th Annual Charity Open Golf Tournament presented by Shuswap Lake Estates Golf & Country Club. The Shuswap Hospital Foundation was very grateful for the wonderful support of all the donors, sponsors, supporters, participants and volunteers who contributed to this very successful event. Right: Dr. Herman Venter was the lucky winner of the WestJet 'Gift of Flight.'

Bollywood Bang

Bollywood Bang raised over \$109,000 in donations. The vibrant colours, delicious food coupled with the music and dancing – a true taste of India right here in Salmon Arm.....thanks to Sunny Dhaliwal and his family; Mark Schneider; and the whole team that brought this amazing event to our community. An incredible fundraiser for the Shuswap Hospital Foundation, this event was also supported by the Salmon Arm Daybreak Rotary Club who worked hard behind the scenes to ensure an unforgettable experience.

Health Care Auxiliary

SHUSWAP LAKE HEALTH-CARE AUXILIARY

Healthcare Auxiliary Executive

- President 2018-20** Diane Pyke
Past President Donna Good
1st Vice President Edie Swanson
Treasurer Glenda Lepine
Foundation Liason Gloria Lynd

Caring and Dedication

The Shuswap Lake Healthcare Auxiliary is dedicated to providing comfort and support to patients at Shuswap Lake Hospital. Through their hard work and active fundraising, they have been able to provide some much needed equipment to the Shuswap Lake Hospital. This past year they were able to purchase IV Pumps for the ER, warming cabinet for Medical Imaging as well as make monetary do-

nations to Joanna's House in Kelowna, BC Children's Hospital and contribute to the Hospital Foundation's Radiothon. The auxiliary provided tours for several Kindergarten classes from local schools. The fund raisers were very successful this year including the Garage Sale, Bake and Book Sale, Silent Auction and the annual Christmas Wrap event at Piccadilly Mall in December.

Our Seniors

Video Conferencing System

They may no longer be living in their own homes, but seniors in care need to continue participating in activities that are tailored to their abilities.

There are several facilities in the Shuswap that provide various levels of care, from those who are still able to drive their cars, to those who rely on the assistance of others for their most basic needs.

Owned and operated by Interior Health,

Bastion Place is an 80-bed complex-care facility of which 13 short-stay beds are available for convalescence, respite or end-of-life care.

Shuswap Home Health Services provides adult day programs and events through Harmony Haven.

Seniors' care is also provided at Piccadilly Care Centre, Pioneer Lodge and the recently expanded Mt. Ida Mews.

Bastion Place was equipped with a new Video Conferencing System through funding by the Shuswap Hospital Foundation. This new technology will allow staff and medical personnel to connect with families during care conferences and family meetings on a greater level than previously done. This connection is especially important for families who are unable to join in person to be able to communicate efficiently and effectively with their loved ones, physicians, and the whole health care team.

Video conferencing also affords the staff the opportunity to engage in learning opportunities on a broader scale while saving travel time and costs.

Your Donations at Work

Paying it Forward

- Be sure to make a will and make clear your intentions rather than allowing others to decide for you. Documents and wording templates are readily available to complete the transaction based on your philanthropic wishes. Consult with your legal representative and family.
- Shuswap Community Foundation Endowment Fund is another way to support the hospital. Create an endowment with the Shuswap Community Foundation. Only the annual interest on the fund is disbursed.
- Donate shares, securities, property, and other investment instruments and take advantage of capital gains tax benefits. This is a positive way to maximize estate-planning objectives.
- Donate an insurance policy by naming the Shuswap Hospital Foundation as the beneficiary. This is a very practical way to make a significant impact without diminishing other assets.
- Meet with your accountant, lawyer, or financial advisor to determine the appropriate type of gift that meets your financial goals.

Honouring Our Donors

Donations are the life blood of the Foundation and are highly valued, whatever the amount or occasion.

In Honour Tributes

In Honour tributes are recognized with a picture and message. This is a wonderful way to pay tribute to those who have excelled in their role of service in the community and caring for others. Or, you may wish to pay tribute for a special anniversary, birth in the family, or wedding. In addition, the Foundation will send an appropriate card on your behalf to recognize the occasion.

Memorial Tributes

With a donation of \$2,000, donors are invited to honour a loved one on the Foundation's website.

This unique tribute provides the opportunity to post a photo and words of remembrance in perpetuity.

Recognition Wall

Iconic Shuswap sockeye swim on the recognition wall, each salmon bearing the name of donors who are recognized for their generosity, compassion and caring. The colour of the fish is determined by the size of the donation.

Recognition Monitor

All donors since 2003 are listed including the 'Friends of the Foundation' those who have donated \$25.00 to \$4,999.

Help to Create a Legacy

The Shuswap Lake Hospital Foundation's Legacy Fund offers a simple and practical way to help ensure funds are being gathered for future hospital needs, including the next phase for the ICU, as well as operating room renovations and expansion.

Be part of these crucial projects by helping to raise the significant funds needed to realize this dream for our hospital.

It's a simple way to be part of improving the quality of care available in Salmon Arm, and it's a charitable donation that can help take the bite out of income tax time.

Because of you..... your most generous and caring support has touched the lives of thousands of people in our community. Working together.....we're making health care better for everyone.
